1 GENERAL

1.1 Purpose

This Investment Policy Statement (the “Statement”) applies to the assets held by the Diocese of Toronto, Anglican Church of Canada, in the Consolidated Trust Fund and the Cemetery Fund (collectively referred to as “the Fund”). The purpose of this Statement is to outline the procedures and policies to effectively manage and monitor the assets of the Fund. The basic goal underlying the establishment of this Statement is to ensure that the assets of the Fund, together with the investment income earned thereon, are invested in a prudent and diversified manner to meet the cash flow disbursements of the Diocese of Toronto as they come due.

Another goal is to ensure that the Fund is managed in accordance with all applicable legal requirements including the *Income Tax Act (Canada)*, *Ontario Trustee Act* and the *Funeral, Burial and Cremation Services Act*. It is understood that any investment management (“the Investment Manager”) or any other agent or advisor providing services in connection with the Fund, shall accept and adhere to this Statement.

As members of the Diocese of Toronto Investment Committee (the “Investment Committee”), we are called to be God’s stewards of funds entrusted to us. An understanding of stewardship is based in scripture. The first chapter of Genesis tells us that God created all things, including people, who are to be the managers, caretakers and stewards of all that God created, recognizing that all comes as a gift from God. As stewards we are responsible to tend these funds in a wise and just manner to the best of our ability.

1.2 Background of the Organization

The Diocese of Toronto is incorporated by “An Act to Incorporate the Diocese of Toronto, and to unite the Church Society of the Diocese of Toronto therewith”, being an Act of the Ontario Legislature passed on January 23, 1869, as amended. The Corporation created by this statute is “The Incorporated Synod of The Diocese of Toronto” and is referred to herein as “the Diocese of Toronto”. The Diocese of Toronto is a registered charitable organization and is exempt from income tax as provided under the *Income Tax Act (Canada)*.

The fiscal year end of the Diocese of Toronto is December 31st.

6 PERFORMANCE EXPECTATIONS FOR FUND

6.1 Dividend Policy

- (a) *A fixed dividend rate will be established as part of the budget process.*
- (b) *In reviewing the dividend rate, the Investment Committee will consider a time horizon of 10-15 years.*
- (c) *The dividend rate will be set so as to preserve capital against the effects of inflation and it will reflect a conservative bias similar to a government pension fund.*
- (d) *The dividend rate will be reviewed annually and any suggested changes will be recommended to the Diocesan Council of the Diocese of Toronto*
i. whether any change should be made to the dividend rate for the next fiscal planning period ii. whether any capital should be disbursed for Diocesan ministry needs iii. whether there are any capital deficiencies that should be funded
- (e) *Any recommendations arising from (d) above must be approved by the Diocesan Council in order to take effect.*

The policy provides for a stable income stream, and allows the possibility for capital gains to be paid if returns merit. However, because the disbursement of capital gains is not to be automatic or recurring, gains will not be used to support ongoing financial obligations, such as the fixed costs of the Diocesan budget.

The initial rate of the dividend set under this policy, as at January 1, 2003, is 5%.

6.2 Performance expectation

The Investment Committee has identified the following investment objectives for the Investment Managers: To achieve a total fund annual rate of return before investment expenses in at least three of the last five calendar years that exceeds the 50th percentile (median) manager in a universe of comparable fund managers as determined by a recognized performance measurement services firm.

Investment objectives are to be based on gross rates of return, before investment management fees are deducted, but after brokerage commissions (transaction costs) have been paid.

7 REPORTING & MONITORINGS

7.1 Investment Reports

Each quarter the Investment Managers will provide to the Investment Committee, within thirty business days from the last day of the quarter, a written report containing the following information:

- Fund holdings at the end of the quarter;
- Fund transactions during the quarter;
- Rates of return for the Fund with comparisons with relevant indexes or benchmarks; and
- A compliance report stating that the assets of the Fund are invested in compliance with this Statement.

7.2 Monitoring

At the discretion of the Investment Committee as required, the Investment Managers will meet with the Investment Committee regarding:

- the rate of return achieved by the Investment Manager;
- the Investment Manager's future strategies and other issues as requested; the filing of compliance reports; and
- the Investment Manager's report.

7.3 Annual Review

It is the intention of the Investment Committee to ensure that this Statement is continually appropriate to the Diocese of Toronto's needs and responsible to changing economic and investment conditions. Therefore, the Investment Committee shall review the Statement annually.

8 STANDARD OF CARE

The Investment Managers are expected to comply, at all times and in all respects, with the Code of Ethics and Standards of Professional Conduct as promulgated by the C.F.A. Institute.

The Investment Managers will manage the assets with the care, diligence and skill that a prudent Investment Manager would use in dealing with all clients. The Investment Manager will also use all relevant knowledge and skill that it possesses or ought to possess as a prudent Investment Manager.

9 CONFLICT OF INTEREST

All fiduciaries, including the Investment Managers and Custodian, shall disclose the particulars of any actual or potential conflicts of interest with respect to the Fund. This shall be done promptly in writing to the Chair of the Investment Committee. The Chair will, in turn, table the matter at the next Investment Committee meeting. It is expected that no fiduciary shall incur any personal gain because of their fiduciary position. This excludes normal fees and expenses incurred in fulfilling their responsibilities, if documented and approved by the Investment Committee.

10 PROXY VOTING RIGHTS

- (a) Proxy voting rights on Fund securities are delegated to the Investment Managers. However, in the case of segregated holdings, the Investment Committee reserves the right to exercise voting rights on Fund securities when it deems appropriate.
- (b) The Investment Managers shall maintain a record of how voting rights of securities in the Fund were exercised. Also, the Investment Manager is to provide a record of voting and/or intention of voting to the Investment Committee on a timely basis.
